

ProfitMAX

Females

**The most complete female to
maximize profit in your herd!**

Complete maximum performance in all
environments - stalls, pens and outdoors!

ProfitMAX females excel in **number born, weaning weights, longevity, durability, feed efficiency** and **overall productivity**. They are selected for frame size, length, depth, underline quality, structure and soundness of feet and legs. **ProfitMAX** females also excel in loin depth and muscle volume, when compared to other maternal-line gilts, in the industry. This makes **ProfitMAX** one of the most complete gilts on the market. This allows you to witness maximum profit potential in your herd!
